Message from Principal

Dear Parents & Students,

I am very fortunate to work with such dedicated, innovative and caring staff members, parents and students. I find each day an adventure filled with new experiences, learning for all, and a chance to constantly widen our horizon.

We at SKS do believe that every child is programmed to learn the things provided he/she is given a conducive, congenial and compassionate environment that may nurture and foster his/her skills and abilities in a vibrant and vivacious manner.

We believe in empowering, our children in such a manner that they act as representatives of a meaningful and value-based society.

Even during turbulent corona times, the bedrock relationships of students and teachers helped to fight and grow with full potential. The students are encouraged to take part in all the activities and are given enough guidance and practice before being exposed to the competitions. With the nurturing they get from the school they will bloom to become future leaders and role models of society.

I am really feeling elated to share the volume-2 of the news letter.

May God Bless You All

Rechna Agarwal
Principal

From the Editor's Desk

We are pleased to acclaim that we are ready to bring out the second edition of our school magazine. The reflection of the learner's creativity and achievements is the epitome of our magazine and we take immense pride in sharing the accomplishment of our learners with our readers.

Entering the world of the New Normal and accepting the challenges coming along way never seemed easy. But Kudos! To the brilliant and capable learners.

This is another successful attempt to make our budding talents give shape to their creativity and showcase their potential in different ways. Success depends upon our power to perceive, the power to observe and power to explore. The sincere efforts and innovative ideas exhibited by our young learners will surely keep you enthralled while you flip through the pages and help you experience a different world of knowledge and talents.

We extend our immense gratitude to our parents who have been a constant support and provided learners with their valuable guidance and motivation. It is always the shared commitment and dedication of Parents and Teachers that becomes the driving force to help learners reach the pinnacle of success.

Happy Reading!
